

Infinite Resources

Explore how prayer can make a difference!

- Explore how living our lives in line with God opens infinite possibilities and supplies all our needs.
- Hear examples of God's amazing plan for each one of us, which includes all the talents, resources, and opportunities we need to prosper and succeed.

Tuesday, November 15, 2011
7:00 p.m.

First Church of Christ, Scientist
3701 S. Logan St.
Englewood, CO

Christine Driessen has proven the effectiveness of prayer throughout her life—as a teacher in inner-city schools; a harpist and dancer; an attorney specializing in criminal, juvenile, and domestic litigation; a founder and director of rehabilitation and legal aid programs; and as a mother. Recognizing the potential of Christian Science healing for the world, she became a full-time practitioner and teacher of this Science. As a member of the Christian Science Board of Lectureship, Driessen lectures internationally, with a focus on Africa. Her home is in Wyoming.

This lecture is offered as a gift to the community by
